That she paid for the life,
And ended her own,
So that million enjoyed the Fife..

When the night glares,
And thousand again became slave!?!
And thousand again stares....

It's complicated-6

The glyph of king,
Was kind and humble...
But we all had a secret!
That make us fumble.

The treasure was empty,
And glory is all flaw...
The queen has to marry!
That's the chronicle's law.

To maintain his prestige,
He can't force the queen...
He can loved once a week!
With the permission of the mean.

The king is so impatient,
That he always in a hurry...
And he is also powerful!
He is a true debauchery.

The days are for kudos,
& the night are debase...
The lust is so powerful!
That's leads him to the heist...

It's complicated -7

The thousands of empty boxes,
We're taken to the woods!
As a gift for the in-laws,
As a repayment for the goods...

Journey ends in seven,
If we aim for the mansion...
Jungle is diverted,
To the lusty destination....

Twenty-one beautiful maid
Was chosen from the hailed!
Those who are agreed &
Those who are trailed...

Many of them are slaughtered!
To satisfy the beast,
Surely he's a necrophiliac
Who enjoy this feast...

On the urge of sixth night,
They looted the empty boons!
Till date we don't know,
It's the kings or the goons...

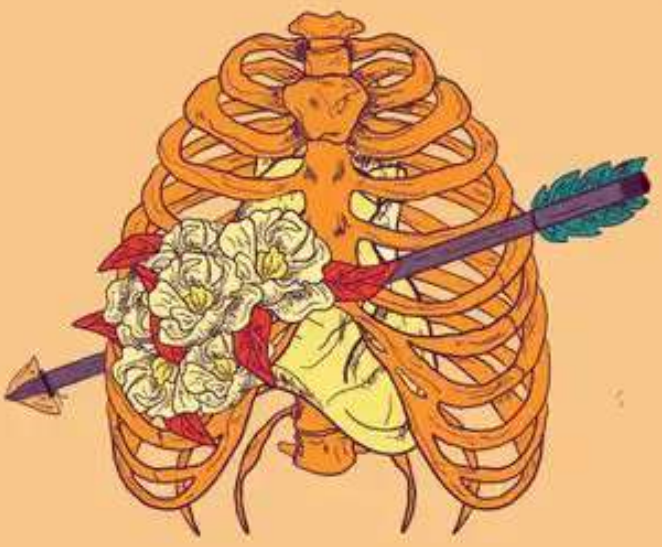
Half soldiers and king,
Reached the mansion.
They look exhausted!!
Or it's just the fashion...

In law's get the news
Of bogus larceny...
And send him to the sauna,
To change his harmony...

Some maids came running out
Cause king preferred to be naked
His bones become 207,
And his imagination get wicked...

Few stays right there cause,
They knew he can't resist...
If they offer her the cat,
They will get some atleast..

The news of salaciousness
Reached the majesty.
Why he was still quite??
It's a pride or hasty??



It's complicated -9

Though it was lascivious act!
and we can all agree...
But he was sent to the Brothel
and it was Majesty's decree...

The alpha of the bagnio
welcomed the chastely king.
The scenario was awful,
So the motion of the fling....

The beast is unleashed!!!
and they can't resist the torture,
The hunger is unsatisfied...
They all died because of this lurcher

After the fifth night
The bordello destroyed..
The king asked for the virgin
And this time it's annoyed...

She is the only ravishing one
And the pure one could seen..
The daughter of the alpha
& the 13 yrs old virgin.....

Part X

She was hide in a vein,
That flows from behind,
Jump wasn't possible,
Cause she isn't the hind.
King has to go,
And the girl has to find,
The night was so cold,
And no one is kind!
The moon is the witness,
only the river was alibi,
the girl was untouched!
But can't be testify.
The knight was brought,
From the sudden of night,
To kill the brat,
To clear the sight.
Four years passed,
And no one knows,
Where does she vanished?
And where does she goes?

Part Xi
Rumor was spread,
She kept by monarch,
Hid in a vessel,
Which was completely dark.
The beloved gossip,
And the repeated scene,
The missing woman,
The co-wife and queen.
The sarcasm, the worst,
The synonym, proverbs,
Two liners and sayings,
The provocation and covered,
All juncture by the chastity king
Busy in a war,
With the conflict
and queens;
New words came up,
The hassle and hound,
Neighbor attacks the kingdom!
On the false ground.

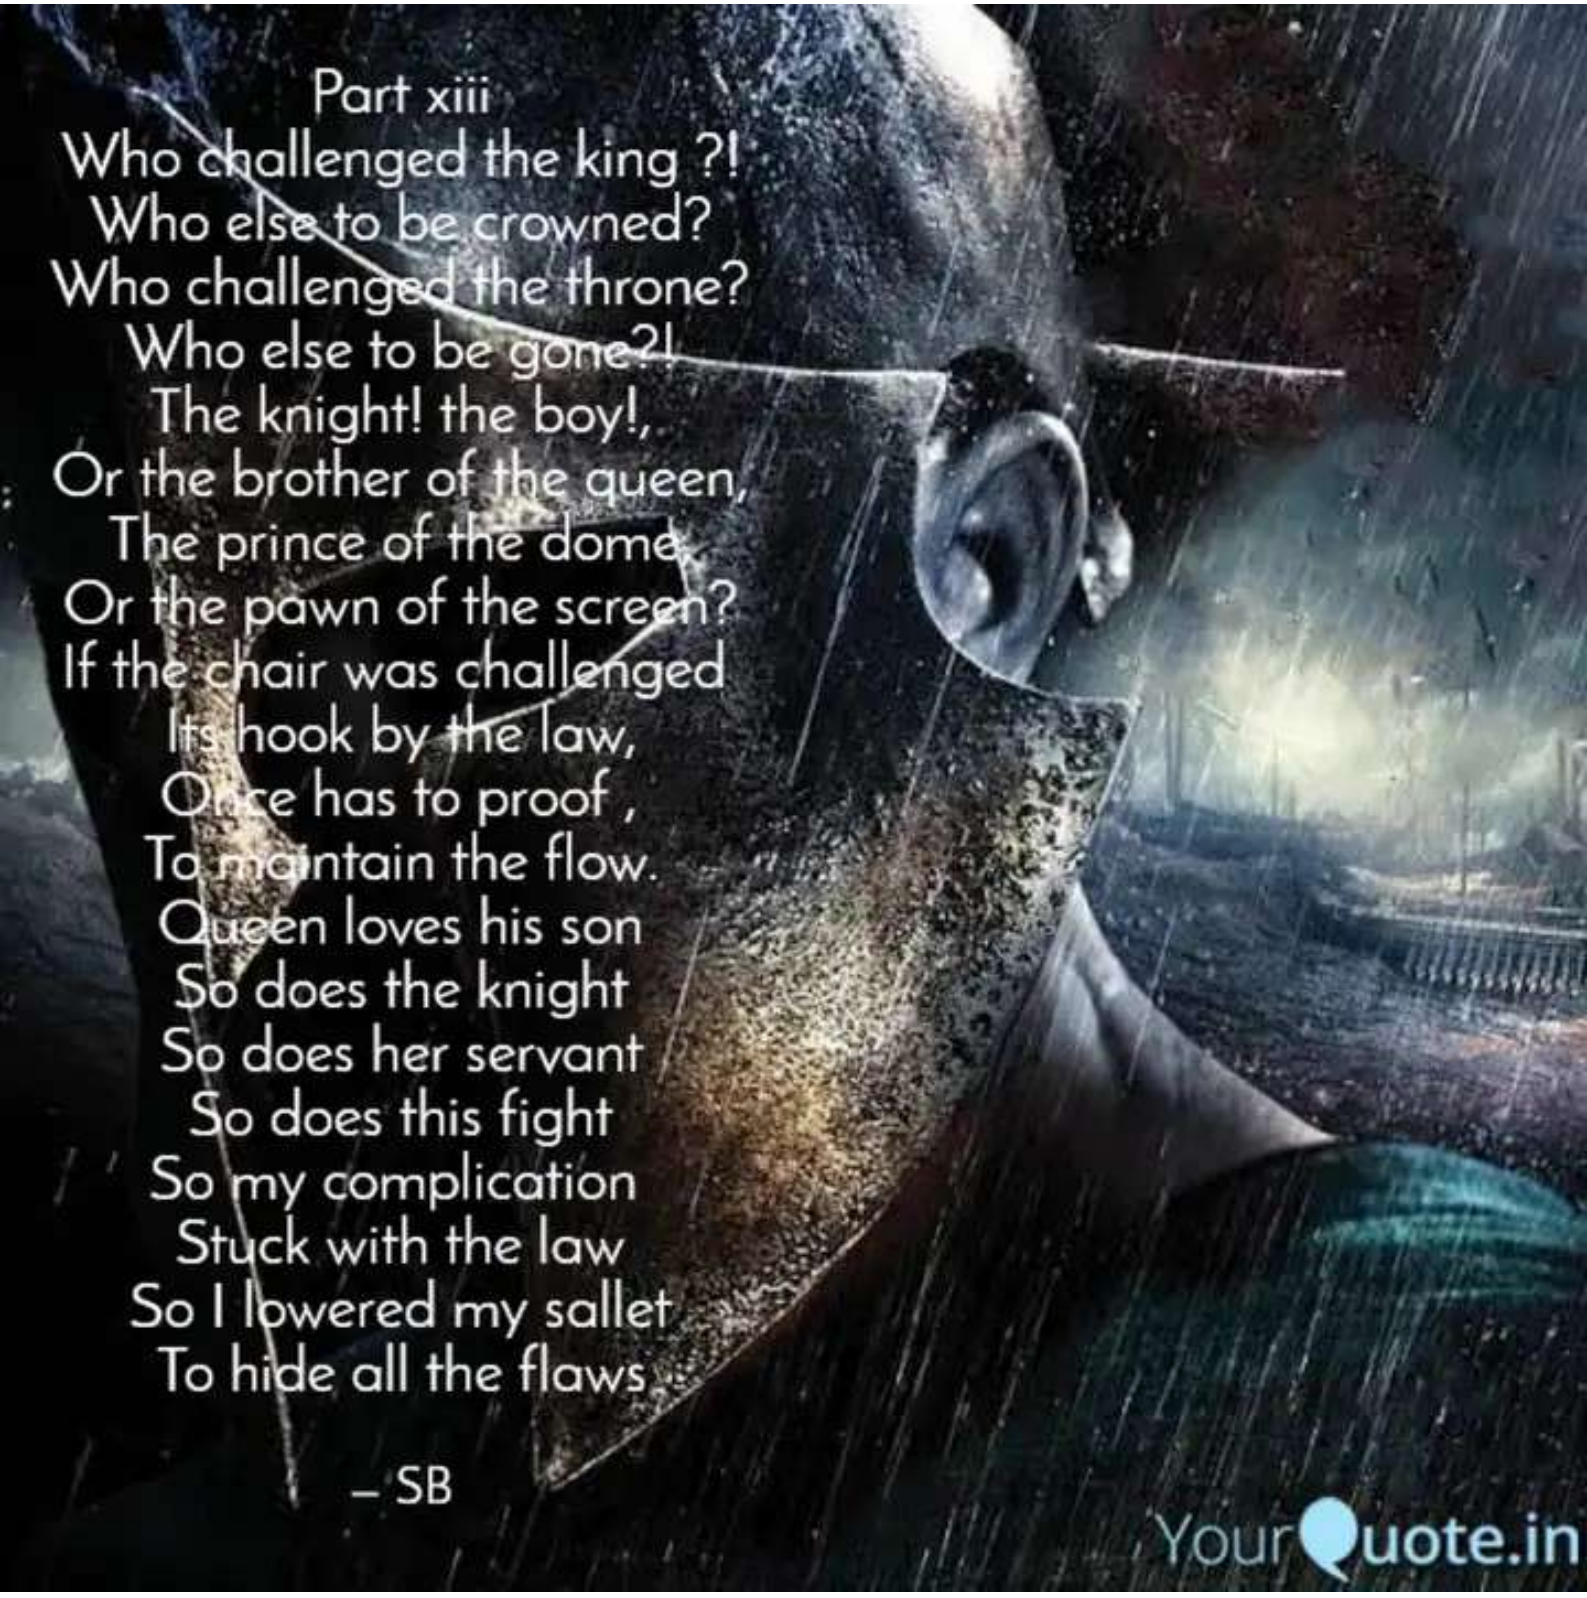
Part Xii
The throne was challenged!
Palter over the price,
Pelting the preeminence,
Not once but thrice.
Kings and in-laws,
Are not side by side,
In-front of each other,
Serious , ruthless and wide.
King till date don't know
Why they are fighting?
Grudge, hollows or repercussion,
Or just simply thy cheating?
Though Queen was aware
Cause no one is ignorant,
Even Queen has the flaws,
With her nasty servant.
The Knight was the boy
Or the brother of the Queen,
Or the Prince of the dome,
Or the decoy of the scene.
– SB
YourQuote.in



Part xiii
Who challenged the king ?!
Who else to be crowned?
Who challenged the throne?
Who else to be gone?!
The knight! the boy!,
Or the brother of the queen,
The prince of the dome,
Or the pawn of the screen?
If the chair was challenged
Its hook by the law,
Once has to proof ,
To maintain the flow.
Queen loves his son
So does the knight
So does her servant
So does this fight
So my complication
Stuck with the law
So I lowered my sallet
To hide all the flaws
– SB
YourQuote.in

Its complicated xiv
The war was baffled
From the words of mouth
The Queen's soul was shaken
And her throat was drouth.
The pretentious pride
Was seems to be doomed
If moon has its secret
So does the groomed.
The lunar lights the night
So does the Queens' name
The war was the fallacy
Or it's just the queen's game
The eyes were here, the eyes were there
The eyes are all I could see
The mirror shows the alter ego
Or the alter ego is me.
The knight has come
The night was gone
& the light is all between
The prince was in the body Armor
Or Princes we could seen.

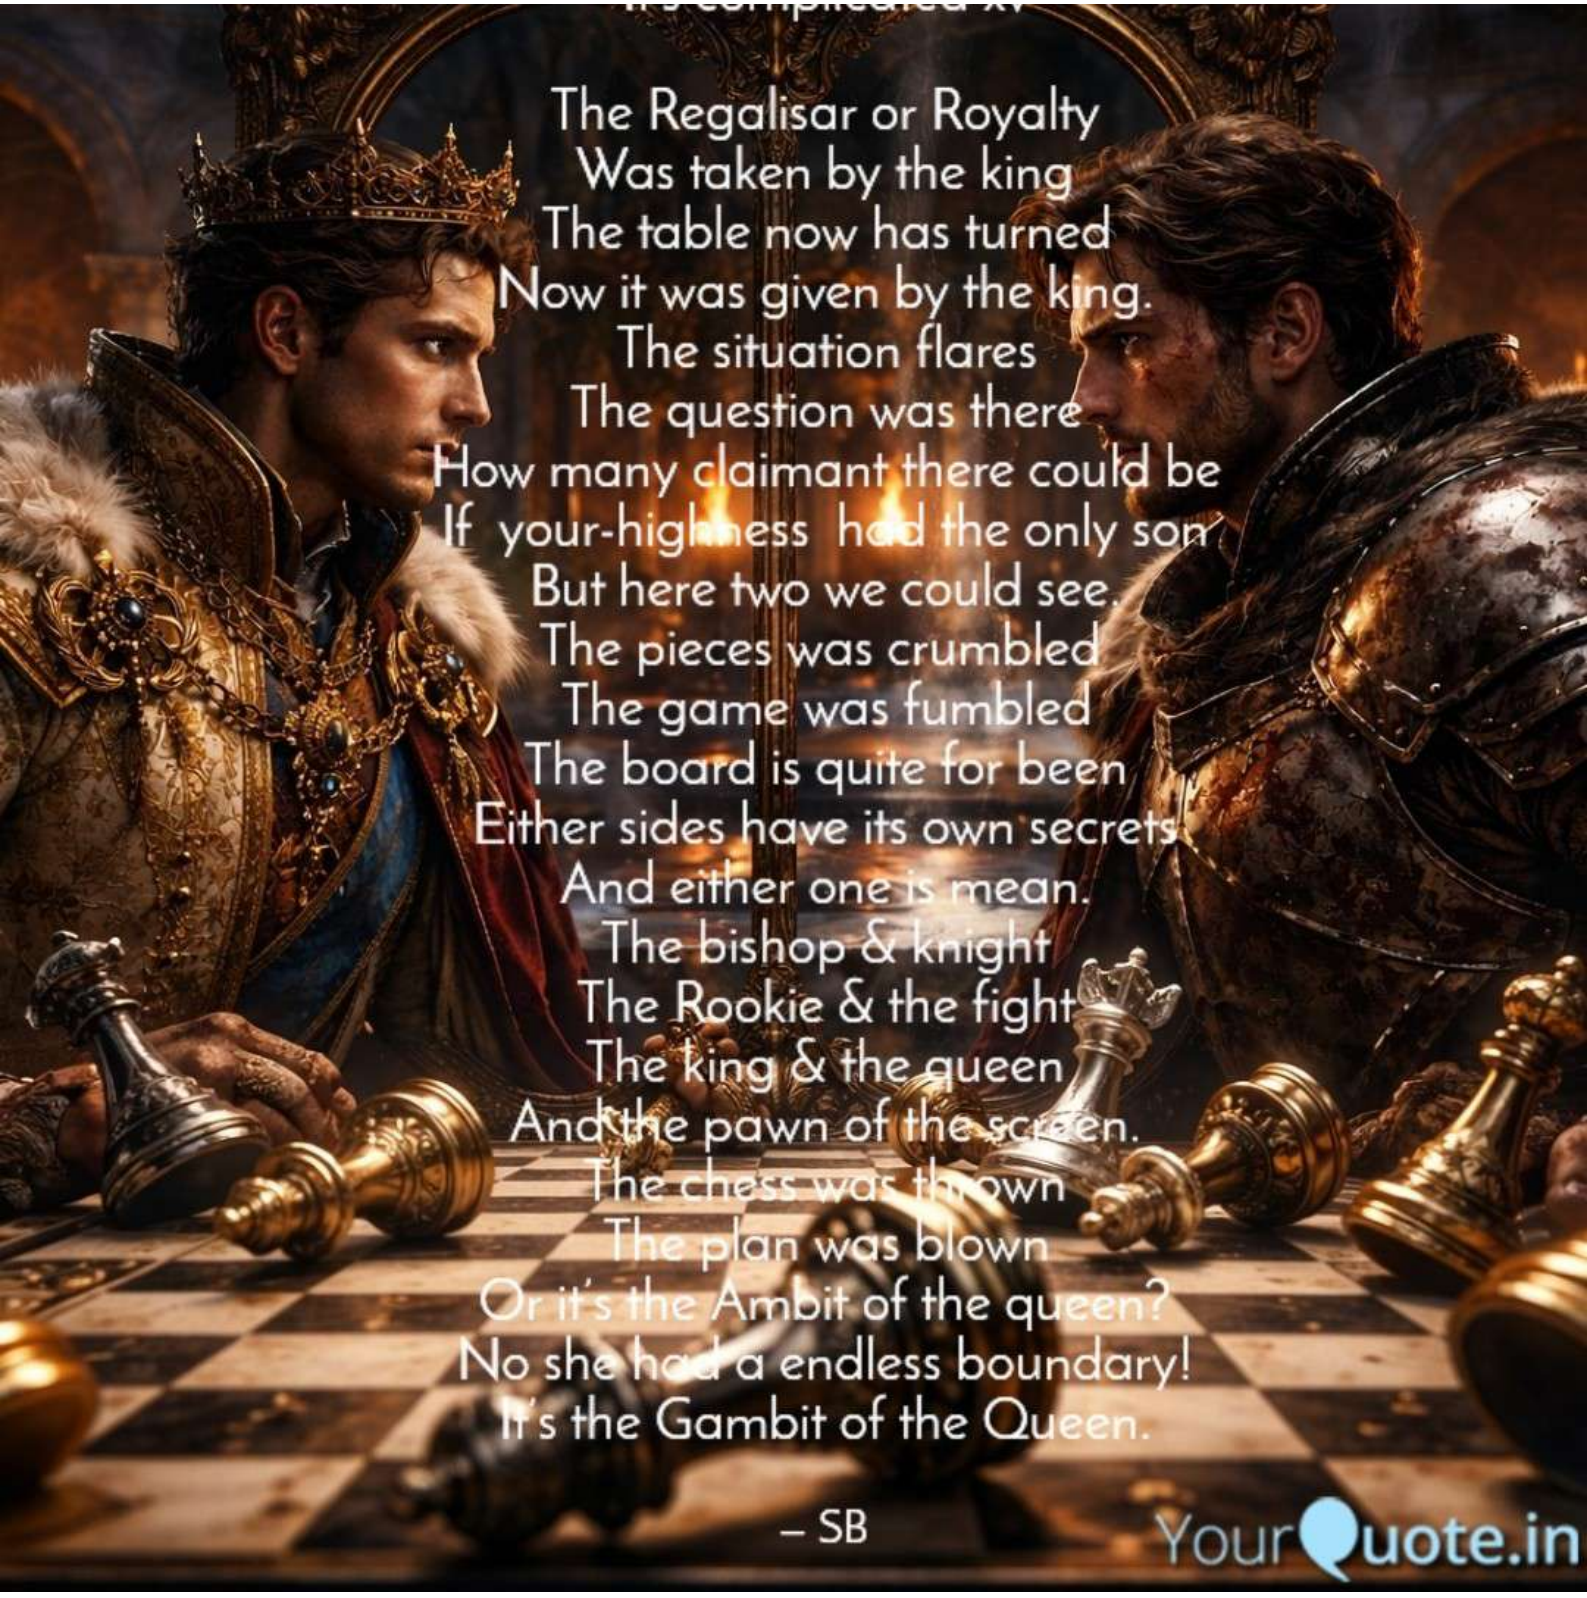
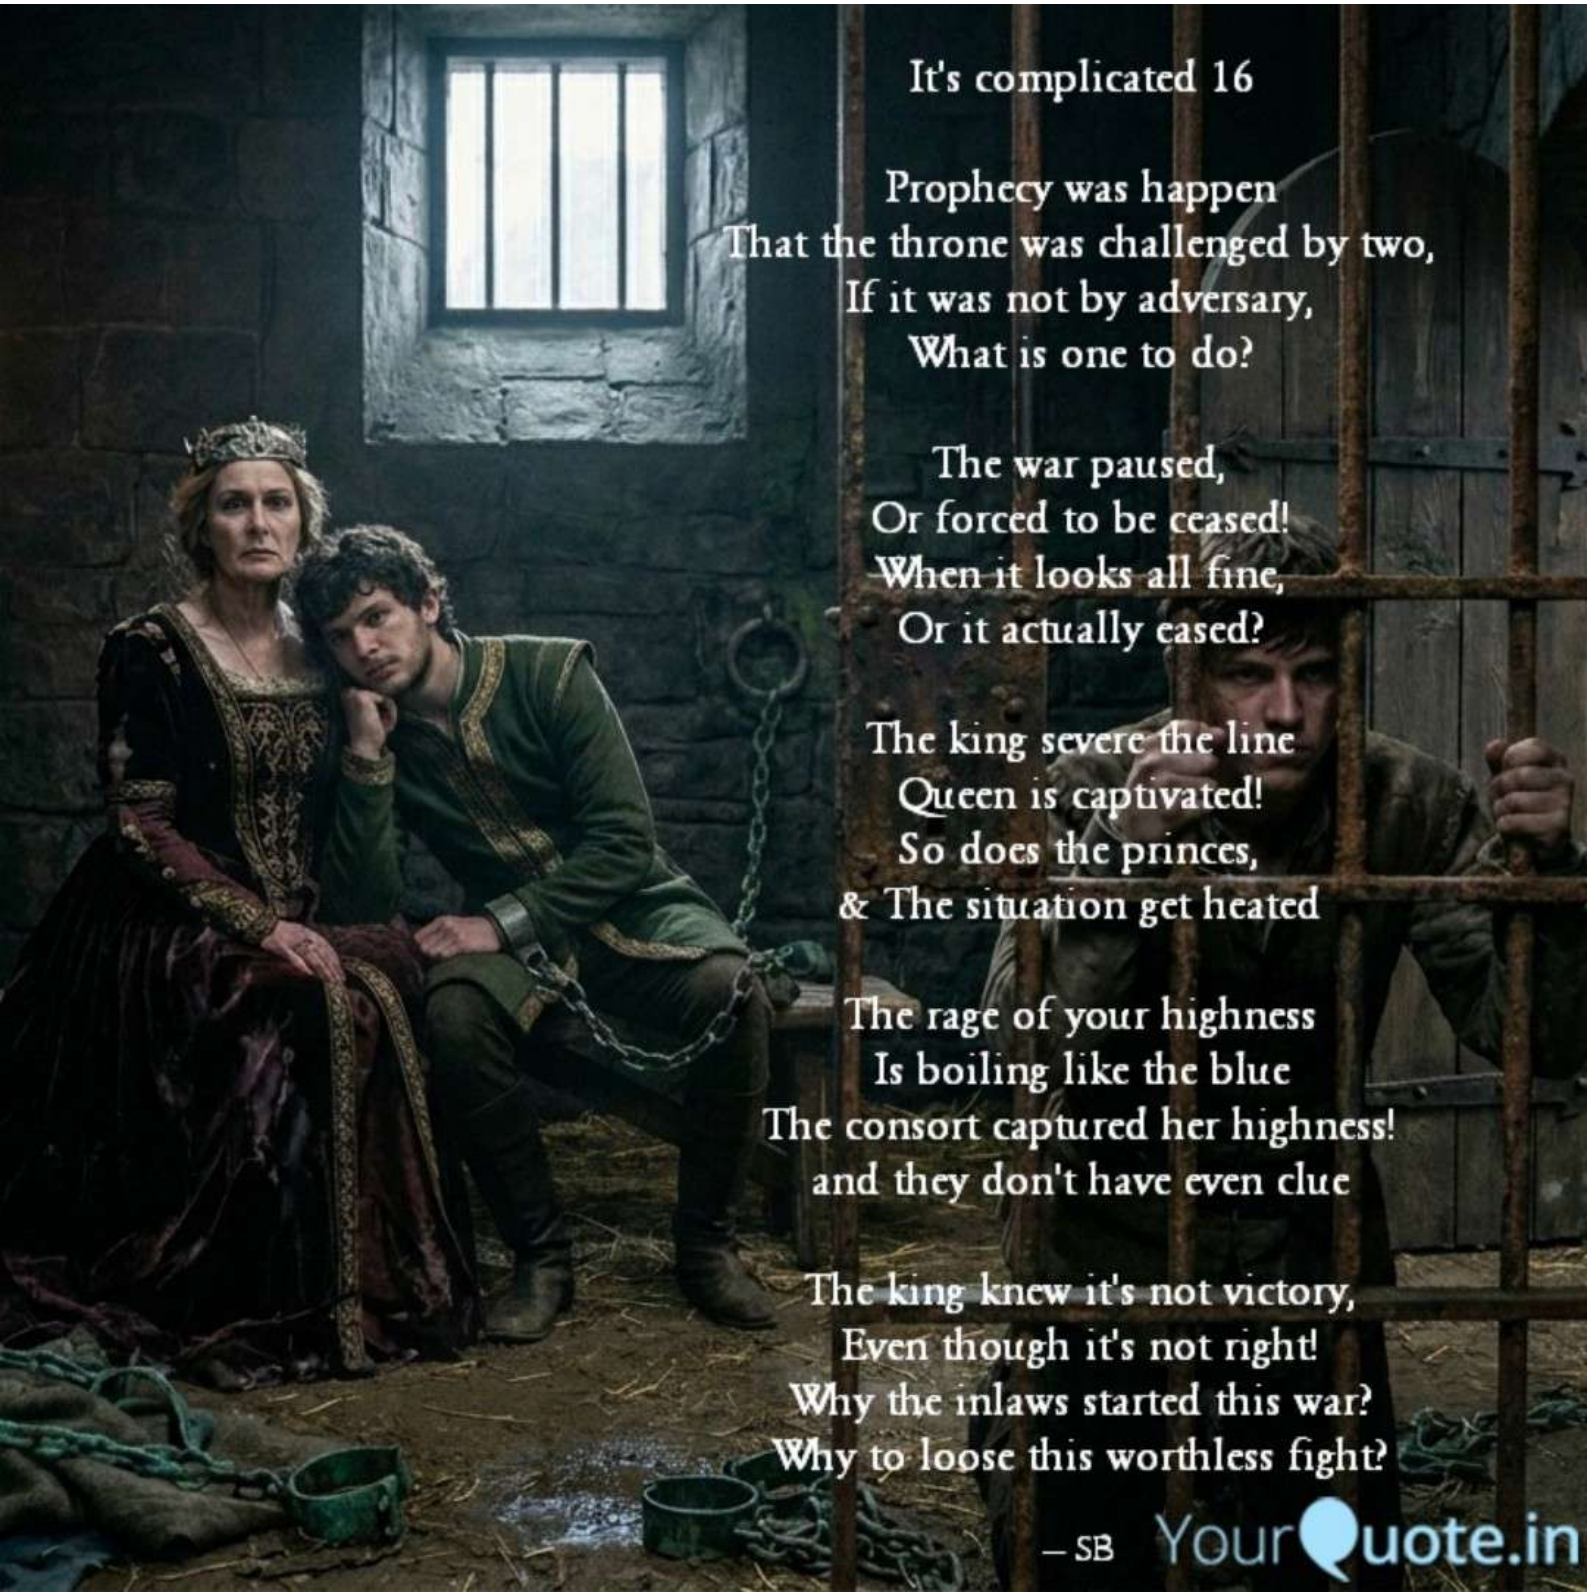
YourQuote.in



It's complicated xv
The Regalisar or Royalty
Was taken by the king
The table now has turned
Now it was given by the king.
The situation flares
The question was there
How many claimant there could be
If your-highness had the only son
But here two we could see.
The pieces was crumbled
The game was fumbled
The board is quite for been
Either sides have its own secrets
And either one is mean.
The bishop & knight
The Rookie & the fight
The king & the queen
And the pawn of the screen.
The chess was thrown
The plan was blown
Or it's the Ambit of the queen?
No she had a endless boundary!
It's the Gambit of the Queen.
– SB
YourQuote.in



It's complicated 16
Prophecy was happen
That the throne was challenged by two,
If it was not by adversary,
What is one to do?
The war paused,
Or forced to be ceased!
When it looks all fine,
Or it actually eased?
The king severe the line
Queen is captivated!
So does the princes,
& The situation get heated
The rage of your highness
Is boiling like the blue
The consort captured her highness!
and they don't have even clue
The king knew it's not victory,
Even though it's not right!
Why the inlaws started this war?
Why to loose this worthless fight?
– SB
YourQuote.in

It's complicated 18
If throne was empty,
Inlaws get the rule.
Yourhighness son got the chance,
To start the beguile.
Mariel was never in the First!
She just had to hide.
So the plan goes smooth,
And no one there's to guide.
King queen and princes
Reached the mutual ground.
To forgive their mutual deceit,
To forget the battle ground.
Knight actually found the Mariel
And hide her in Asylum,
Provided by the inlaws,
Later they send her to slum.
War is finally ended,
As Mariel brought the truth.
That she never met the king,
She's always "the vergin Ruth".

YourQuote.in

It's complicated 19
When you thought
It's broken to an end.
No more chaos
No more blend.
But you forget
It's not a common story,
The icon was royal
And the girl ordinary.
The queen wants the,
Knight to be next king
The king wants the,
right to be next king
Neither wants the offspring,
From the I'll house.
As Mariel the "hoe's daughter"
And one will be the reputed spouse.
The plot was twisted,
By the both side.
One has to die,
One has to hide.
— SB
YourQuote.in

The Letter was identical!
For the princes,
It is from Mariel,
Is it princes??

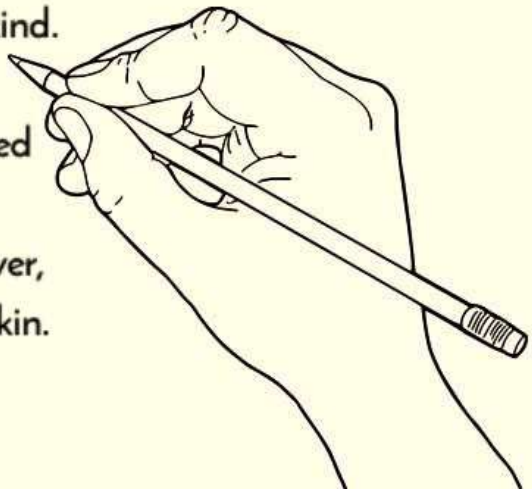
The letter was identical,
For the Mariel,
It is from princes,
Is it Mariel??

It's diabolical,
To kill one child.
To blame the holy soul,
To make her blind.

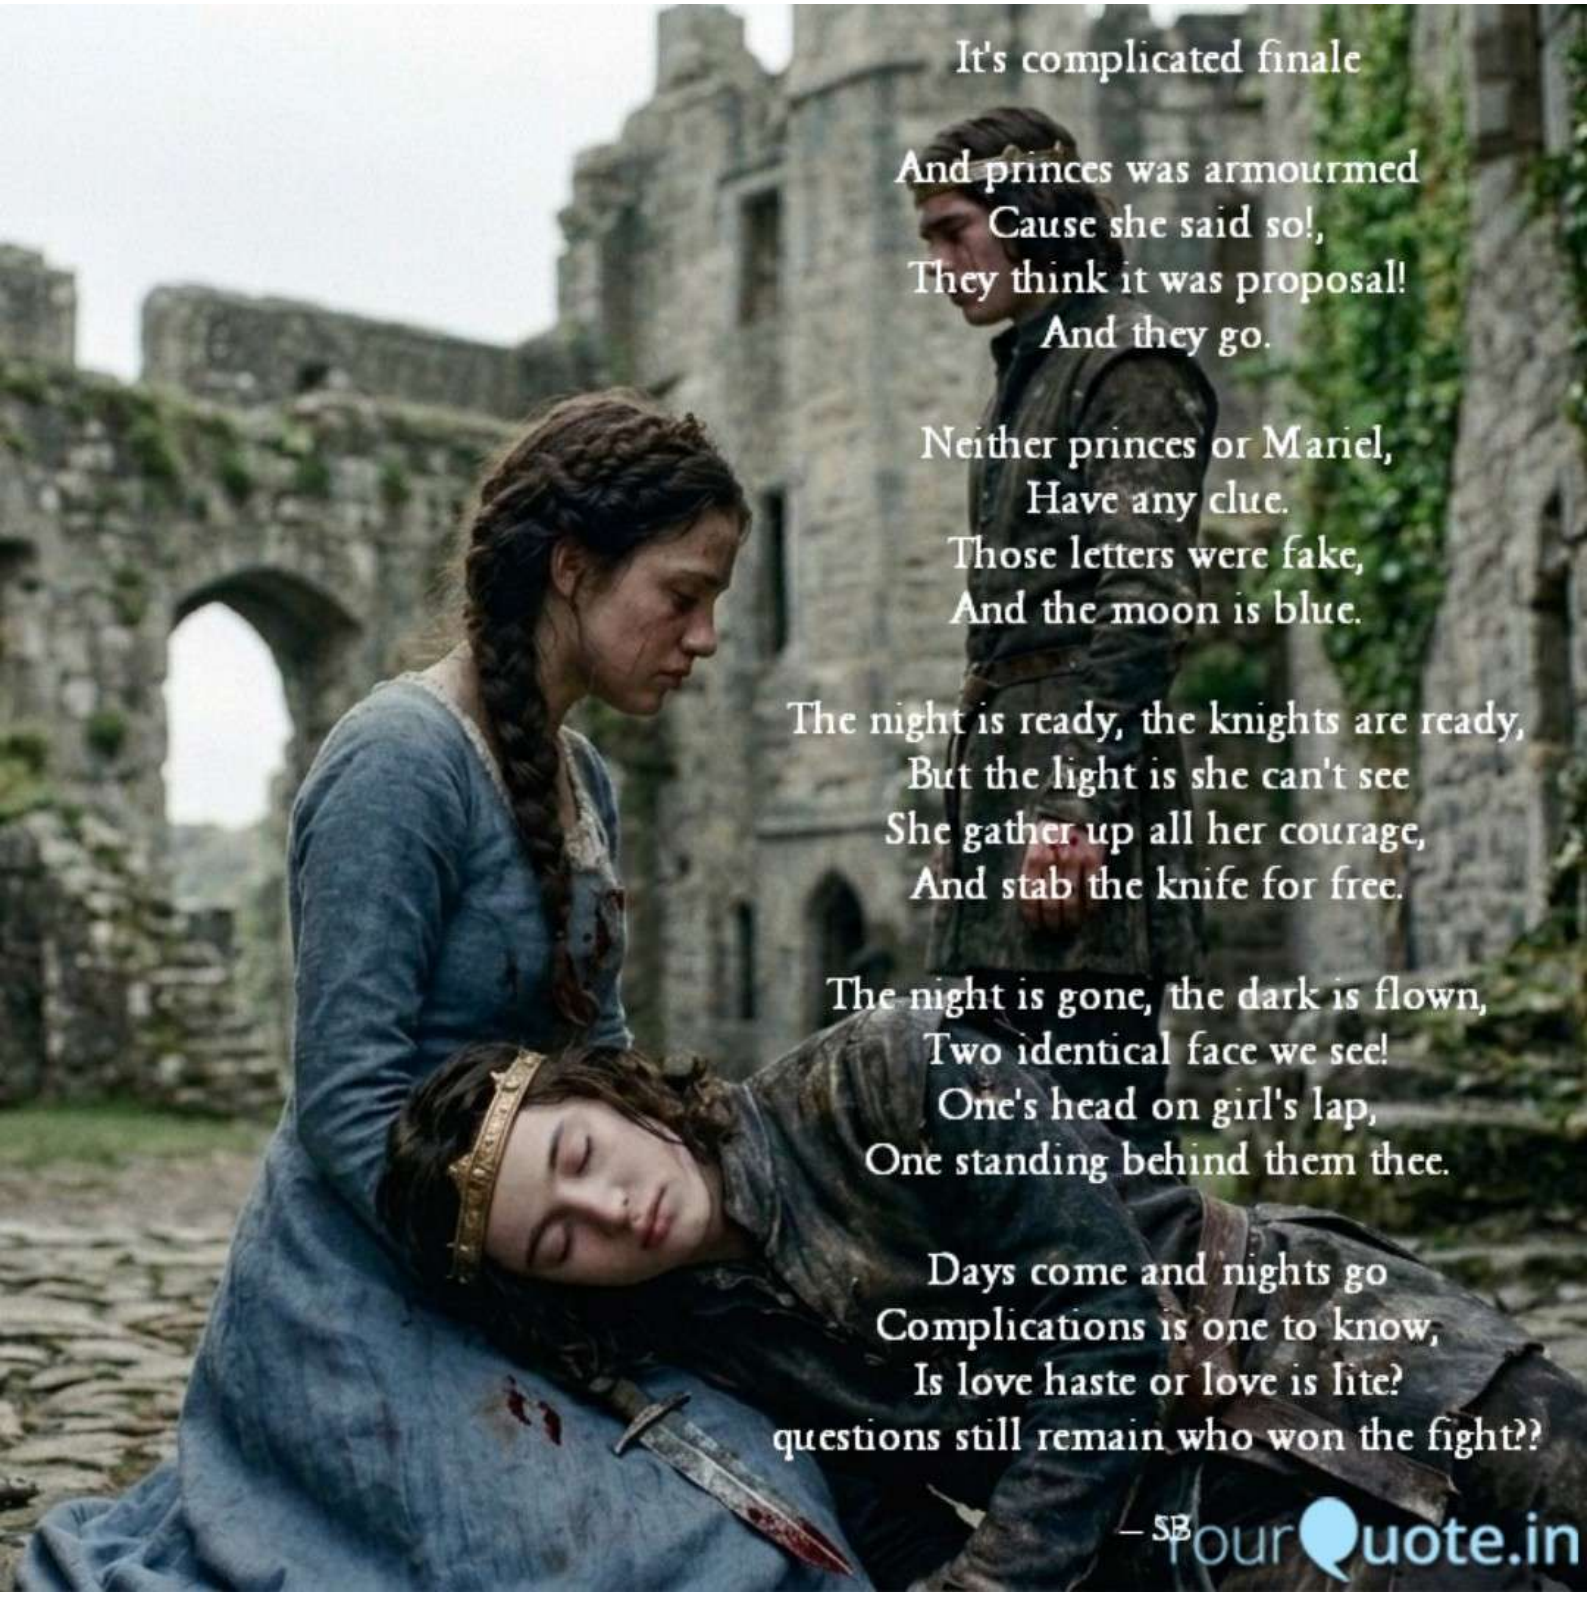
The coincidental idea,
Strikes their mind.
Letters contains the blood,
Of her beloved kind.

Knight was killed
By the twin.
Disposed her lover,
And put up his skin.

– SB



YourQuote.in



It's complicated finale
And princes was armourmed
Cause she said so!,
They think it was proposal!
And they go.
Neither princes or Mariel,
Have any clue.
Those letters were fake,
And the moon is blue.
The night is ready, the knights are ready,
But the light is she can't see
She gather up all her courage,
And stab the knife for free.
The night is gone, the dark is flown,
Two identical face we see!
One's head on girl's lap,
One standing behind them thee.
Days come and nights go
Complications is one to know,
Is love haste or love is lite?
questions still remain who won the fight??
